Sandy Spring Mortgage

Your Community Real Estate Lender

The Mortgage Bankers of Sandy Spring Mortgage are ready to assist you with all of your real estate financing needs. As a strong local community bank, we are able to offer both portfolio and secondary market mortgage programs. This mix of local and national resources and outstanding service is what sets us apart from other area lenders.

Conventional, FHA, VA, and USDA Financing

Our national secondary market relationships allow us to provide a wide variety of loan programs from traditional conventional loans to the more aggressive government loans including both FHA, VA, and USDA. We make loans for all income levels and for all types of residential properties. Whether for purchase or refinance, we have the loan program that's right for you.

Portfolio Financing

A unique feature of our organization is that we offer direct portfolio lending. This allows us to provide loan programs other lenders don't offer such as construction, home renovation, lot and blanket collateral loans. We can also make residential mortgage loans that require non-standard titling such as family trusts.

We're not just mortgage bankers – we're business and consumer bankers as well. Sandy Spring Bank offers a full line of financial services for our clients in addition to mortgage products. Our goal is to deliver superior mortgage banking service, just as Sandy Spring Bank delivers superior community banking service.

All of our employees live and work in the local community. All underwriting, processing and closing is performed in our local offices, in the communities we serve. And we know and understand the local real estate market and real estate professionals.
